The Bible Memory Man

To whom it may concern:

As someone involved in full-time ministry that relies greatly on the assistance of others, you meet and greet people here and there that strike you as dedicated, just, merciful, and trustworthy, the kind of person you want on your team. Also being a professor in higher education and observing the work ethic of many a young person, you cannot help but to be impressed with Brittany's ability to memorize Scripture and inspire others to do the same. I have gotten to know and minister with Brittany and without reservation would highly recommend her talents and spirit of dedication to anything she puts her hands to. Her commitment to excellence both inside and outside the home certainly demonstrates her competence as a bright and promising young person. I strongly recommend her and her unique and desperately needed ministry to the body of Christ of memorizing God's Word and inspiring others to do the same.

Blessings,

Prof. Thomas Meyer
